

Cormidi C85

Hi Dump Tracked Dumper

This unit is super manoeuvrable unit due to being a full hydraulic drive - this gives you the ability to turn the machine very accurate as you have individual control over each track vs some dumpers which are skid steer.

Full hydraulic drive also means the machine has no belts so is very reliable and needs less maintenance the comparable dumpers in other brands.

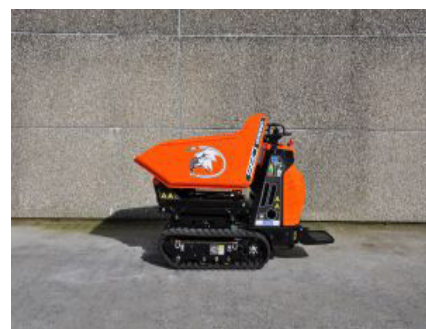

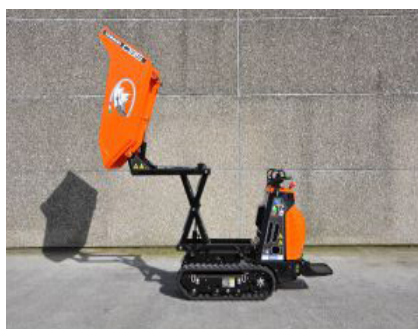

Key Features

- | 800kg payload
- | 835mm wide
- | Kohler 14hp Engine
